07/467,096, filed January 18, 1990, (now U.S. Patent No. 5,052,020 issued September 24, 1991), Application No. 07/876,776, filed April 28, 1992 (now abandoned, but published in continuation Patent No. 6,006,100 issued December 21, 1999), Application No. 07/305,302, filed January 31, 1989, (now abandoned, but published in continuation U.S. Patent No. 5,289,378 issued February 22, 1994), and Application No. 07/748,150, filed August 21, 1991, (now issued as U.S. Patent No. 5,349,678 on September 20, 1994), PCT Application No. PCT/US92/08610 filed October 1, 1992, as published in English under International Publication No. WO 93/07691 on April 15, 1993, together with U.S. Patent No. 5,070,536, by Mahany et al., U.S. Patent No. 4,924,426, by Sojka, and U.S. Patent No. 4,910,794, by Mahany, are incorporated herein by reference in their entirety, including drawings and appendices, and hereby are made a part of this application.--

REMARKS

The specification has been revised to eliminate reference to unnecessary applications in the cross reference section, and the Incorporation by Reference section has been revised to specifically identify applications that were previously included by the phrase the "above referenced applications" at Page 4, line 19, of the specification as originally filed on June 7, 1995, and as filed in the present continuation on August 4, 1998.

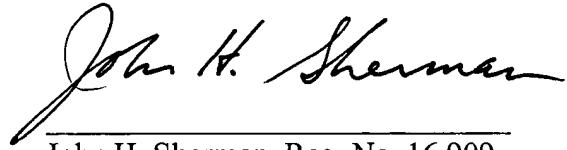

Attached hereto is marked-up version of the changes made to the specification by the current amendment. The attached pages are captioned "Version With Markings To Show Changes Made."

Consideration of the enclosed Information Disclosure Statement is respectfully requested. Please advise the undersigned if copies of any of the references from the parent case would be helpful, and these will be submitted promptly.

CONCLUSION

In view of the enclosed Terminal Disclaimer, and Fee Transmittal form to cover the disclaimer fee, a Notice of Allowance is courteously solicited.

Respectfully submitted,

John H. Sherman, Reg. No. 16,909
Attorney of Record
